

MERN Stack Task

Please find the below task for your reference and let me know in case of any queries.

<https://www.figma.com/proto/q7hxDK2ei6vo1DNEe5c4sd/Review-and-rating?type=design&node-id=2-3&t=ARbWsiSq8IggKnYY-1&scaling=scale-down&page-id=0%3A1&starting-point-node-id=2%3A3&mode=design>

Steps:

1. Add Company:

- Navigate to the designated section for adding a new company profile.
- Fill in the required information such as company name, location, Founded on, city.
- Verify the accuracy of all entered information.
- Submit the form to create the company profile.

2. Company Listing:

- After adding the company, verify that it is reflected in the list of companies on the page.
- Ensure the company details are correctly displayed, including name, logo, and description.
- Implement search and filter functionalities to allow users to refine the company list based on specific criteria.

3. Add Review:

- Click on the company profile to view detailed information.
- Navigate to the "Reviews" section and click on "Add Review" or similar button/link.
- Input required details such as full name, subject, review text, and ratings.
- Verify the accuracy and completeness of the review details.
- Submit the review to post it on the company's profile page.

4. Review Listing:

- Verify that submitted reviews are reflected in the list of company reviews.
- Each review should display details such as reviewer name, subject, review text, and ratings.
- Implement sorting options to arrange reviews by relevance, date, or rating.
- Calculate the average of all ratings and display it prominently above the review list.
- Ensure users can interact with reviews, such as liking or sharing them.

Kindly ensure that the user interface design matches the Figma prototype provided and that all functionalities are implemented according to the specified requirement.

NOTE:

Even if the entire task is not completed within the given time frame, you can submit as much progress as possible. Our priority is to ensure the quality of work rather than rushing through it. Therefore, feel free to submit whatever progress you have made by the deadline.
